# Why choose Immerse Education?

Immerse Education delivers transformative, personalised educational experiences for ambitious students worldwide. Rooted in the academic traditions of Oxford and Cambridge, our programmes foster critical skills through curiosity-driven learning and tailored mentorship. Students deeply explore subjects in a supportive environment that encourages trial and error, helping them to develop a growth mindset.

Immerse prepares students for long-term success by leveraging global networks and providing hands-on experiences in inspiring learning locations. Participants gain confidence, discover new perspectives, and access future opportunities while excelling in their chosen fields.

## **The Immerse Experiential Learning Framework**

Our unique learning model honed at Oxford and Cambridge and grounded in our 5 C's framework — Critical Thinking, Collaboration, Communication, Creativity, and Conscientiousness — delivers unmatched personalised learning experiences. Through expert-led small group sessions, we foster curiosity, celebrate trial and error, and instil a growth mindset that empowers every student to thrive through transformative learning.

Bridging ambition and knowledge, we equip learners to excel with robust skills in their chosen paths. Our methodology combines expert instruction with next-generation tools, and we go beyond traditional education by nurturing future-proof soft skills.

# Pathways

## ACADEMIC PATHWAYS

---

Academic Insights programs cater to secondary and high school students between 13 and 18 years old. They're ideal for students looking to gain a taste of life on campus as a student at a prestigious university before they apply, in the form of transformative and intellectually enriching experiences.

Students can expect to engage in stimulating lectures and seminars led by expert tutors and industry professionals, offering deep insights into their chosen subjects. Our curricula are thoughtfully designed to blend theoretical knowledge with practical applications, encouraging critical thinking and problem-solving skills.

*Available in Boston, Oxford, Cambridge, Sydney, Singapore and Toronto*

# Sydney

## SUMMER SCHOOL

Hosted at the University of Sydney, Immerse Sydney is tailored to individuals aged 13–18 and presents an enriching educational journey. Participants will embark on a voyage where they can delve into their choice of seven Academic Insights subjects and fully immerse themselves in the dynamic academic environment of the University of Sydney.

Thoughtfully designed to provide a taste of university life amidst iconic campuses, these courses offer students exceptional instruction and spark curiosity through interactive workshops and personalised mentorship. Unique social and cultural experiences allow students to forge global connections and create lasting memories.

# Why Sydney?

Immerse Sydney's academic content is meticulously tailored to align with individual interests and talents, ensuring participants can fully explore their potential. Going beyond a traditional summer school, these courses focus on academically rigorous content within the captivating backdrop of Sydney's unique charm.

During two transformative weeks, students will dive deep into their chosen subject, develop new skills, and fully experience life at the University of Sydney. The structured schedule balances intensive academic study with cultural excursions, social activities, and personal development workshops while enjoying a beautiful Australian summer.

# Where you'll stay

Address: St. Paul's College, Camperdown NSW 2050, Australia

The University of Sydney, founded in 1850, is one of the most prestigious institutions in the world. Our accommodation at St. Paul's College offers the finest collegiate educational experience for our academic summer programme.

In the heart of the city, students experience authentic university living amongst iconic landmarks for an unforgettable social and cultural programme. Male and female students will have separate accommodations, and Wi-Fi is available at the college.

# Social & cultural

The Immerse Sydney schedule is carefully balanced to ensure enough time for engaging lessons, interactive workshops and a plethora of social fun and discovery.

Participants won't leave Sydney without taking a tour of the best spots around the city and learning about the culture, history and must-see sights. Over the course of their Sydney summer school experience, they'll have plenty of opportunities to see the great sites of the city as well as engage in a range of exciting activities with peers that are sure to leave lasting memories.

# Success stories

---

"The programme helped me prepare for university because it allowed me to get to know the course and the subjects that I would study. I now know the most important aspects that I need to work on to pursue my chosen career in Law."

**Samuel, Career Insights participant who studied Law on our London programme.**

---

"I've enjoyed meeting new people with Immerse, people who have different passions than I do and are studying different courses. I've learned so much in these two weeks and we've covered so many new topics that I hadn't heard of."

**Gonzalo, Academic Insights participant who studied Computer Science on our Oxford programme.**

---

"Passion may seem simple, but for me, it meant finding the answer to one of the most important questions in my life. It meant what career I would pursue, it meant what impact I would make on the world, it meant finding that fire that drives me, but most importantly it meant finding a part of me that I didn't know existed. This program strengthened and filled me with even more motivation to pursue medicine to make an impact in the world."

**Khushi, Online Research Programme participant who studied Medicine.**

# How to enrol

Make 2026 the year you gain academic direction, lifelong friends, and a foot in the door of your chosen industry. You can enrol today in any of our world-class programs via the NIE Careers website and begin your journey towards a higher level of learning. Once the enrolment form is completed, a member of staff will be in touch to confirm your place to study. Contact our Australian partners team at [admin@niecareers.com.au](mailto:admin@niecareers.com.au) with any questions.
