

4-DAY INTENSIVE PROGRAM FOR AGES 14-18

An engaging and high-impact 4-day program that provides young people with a unique opportunity to gain medical work experience and industry knowledge in a safe and structured environment.

Meet, spend time, ask questions and learn from senior medical specialists.

Establish new friendships and future networks with likeminded young individuals.

The **Future Doctors Australia (FDA)** program is developed and managed by NIE Careers, a leading provider of career development programs for prospective future medical students. Our mission is to inspire, guide and support the future generation of healthcare professionals to succeed in their studies and beyond.

Program dates and locations

Our programs are conducted in Sydney, Melbourne, Brisbane, Adelaide and Perth. For most up to date information about the dates and locations of the upcoming FDA programs, please refer to the NIE Careers website.

THE FUTURE DOCTORS AUSTRALIA PROGRAM WILL PROVIDE YOU WITH INVALUABLE INSIGHT INTO THE FIELD OF MEDICINE, HELPING YOU UNDERSTAND WHAT IT IS LIKE TO WORK IN HEALTHCARE AND WHAT IS REQUIRED TO BECOME A HEALTHCARE PROFESSIONAL.

Our program is conducted by senior NIE Careers staff alongside highly experienced medical professionals and dedicated medical student mentors. We believe in the power of collaboration and learning from experts in the field. With this in mind, we have carefully selected specialists from four different fields of medicine to be a part of the program.

On Day-2 and Day-3 of the program, participants will have the incredible opportunity to meet these specialists, each bringing their unique expertise and insights to the table. We have curated this diverse lineup to ensure that you receive a comprehensive learning experience and gain immersive skills and knowledge throughout the program.

PROGRAM SCHEDULE:
